# THE MORNING DREAM

THE ULTIMATE STAND-ALONE MILK STEAMING DEVICE.  
CAFE-QUALITY STEAMED MILK - NO ESPRESSO  
MACHINE REQUIRED

Elevate your morning routine with the Morning Dream: The ultimate stand-alone milk steaming device. No matter what type of milk you're using, or what type of drink you're making, our state-of-the-art technology ensures precise control over every aspect of the steaming process, resulting in the smoothest and creamiest milk you've ever had at home.

# PRODUCT FEATURES

## LASER PRECISION

Real time and exact infrared temperature sensor

## PRESET MILK RECIPES

Ensure optimal temperature and steam pressure

## ADVANCED FLOW HEATER

Full control over the temperature and instant steam pressure

## ENGINEERED STEAM TIP

Ideal steam pressure and angle to generate the perfect vortex

# DESIGN HIGHLIGHTS

The Morning Dream looks as good as it steams. Our award-winning product designers have meticulously crafted the Morning Dream to combine aesthetics and performance in a compact size. Seasoned baristas and novice users alike can slide through our intuitive touchscreen interface with ease and expect silky perfection.
